JetFlash™ 160

Flash Products

Take Your Office on the Road

The JetFlash™ 160 is the latest hi-speed USB 2.0 flash drive from Transcend that incorporates productivity-enhancing software into its innovative design. The JetFlash™ 160 is an extremely convenient device that plugs directly into the USB port of any desktop, or notebook computer, so it can be used to easily transfer e-work between the office and home. The JetFlash™ 160 comes in a range of high storage capacity and eye-catching color options including, 512MB (metallic amber), 1GB (metallic blue), 2GB (metallic red), 4GB (metallic green) and the huge capacity 8GB (metallic silver). So, for busy office workers, who still have a fun side, choose the JetFlash™ 160. It's got your style and important e-work all wrapped up in one.

Features

- Fully compatible with hi-speed USB 2.0
- Easy Plug and Play installation
- **JetFlash™ *elite*** software pack includes:
  - Favorites Function: store all your favorite website addresses on the JetFlash™
  - AutoLogin Function: automatically login to websites where you have a password
  - Secret-Zip Function: compress and/or password protect saved files using 256-bit AES encryption
  - PC-Lock Function: makes JetFlash™ a key to lock your computer
  - E-Mail Function: use your JetFlash™ to securely send, receive and save e-mails
  - DataBackup Function: backup, restore and synchronize your data
- Driverless (only Windows® 98SE needs the enclosed driver)
- USB powered. No external power or battery needed
